Would be Assassin Flees

Friday evening as James Proffitt and family were returning to their home at Stanton from Clay City in his Buick touring car a would-be-assassin fired several shots at his car. Later Frank Woodard, a youth of 18 years, was arrested on the charge of shooting with intent to kill. He was fined upon minor charges and released on \$300 bond for the shooting, and left the country Sunday. While it is to be regretted that the boy could not be dealt with by the law, it is probably better for this county that he is gone as the charge against him will keep him away longer than a trial even if found guilty. And we certainly do not need boys who shoot at moving automobiles for amusement as the boy who fired at Mr. Proffitt's machine seemed to do. Of course he was full of—

A Splendid Official

There is no better official in Powell county than the Master Commissioner of the Powell Circuit Court, Mr. Luther Stephens. He is fair in his dealings, prompt and efficient in his service. Not a litigant nor an assistant in his past six years of service lost a penny on account of his work being done not right. He takes pride in keeping up the duties of the office in a highly efficient manner. Judge Shackelford certainly made a hit when he appointed Luther Stephens Commissioner of his court. No better man could have been found in the county. The Times sincerely hopes to see Mr. Stephens retained in office for another six years, and we are most sure he will be.

New Store in Clay City

V. D. Chapman, of Torrent, has purchased the stock of general merchandise of Floyd Day and leased the Company Store with an option to purchase. The inventory has been made and Mr. Chapman has taken possession. He has also rented the residence adjoining and is moving his family here to reside. The stock of goods will be increased to the demands of the trade and kept up to date. Mr. Chapman is a merchant of considerable experience and his business thus bids fair to succeed. He will find a welcome hand in his new location.

Thirty Dollars Realized

The good ladies of the Methodist Aid realized thirty dollars Saturday on the sale of cakes, pies etc. They desire through these columns to extend their thanks to the splendid ladies of the Christian church for their assistance which helped so much to make the sale the success it was.

Saws hand Badly

George B. Leach, who operates a saw mill at Virden, had the misfortune to get two of his fingers on his left hand badly cut up on the saw.

One More Creek Road Gone

The completion of the bridge across Plum creek this week and the opening of the newly constructed road, part in Estill county, and the opening of that portion of the road in Powell county when it can soon be completed, will do away with one more creek road leading from Clay City, it being the second one so improved within the past two years. The Brush creek road being the first. The change is very commendable on the part of the people of this community who have and will contribute two thousand dollars toward the work. The counties of Powell and Estill are also to be congratulated for the aid they have rendered.

Thanksgiving Today

Today is Thanksgiving Day, and it is to be hoped that the day will not be passed in vain. Feasting and hunting should be carried on with due and reverent thanks in thoughtful and loving hearts to Him who has favored us with bountiful blessings, and a healthful body to enjoy them. Those who lack the health are to be sympathized with, while those who have not a liberal share of earthly blessings in most cases, are willfully themselves at fault. Look around and see if this is not generally true, it is not, of course, always so.

Dentist for Powell

Dr. J. T. Nickell, the best dentist that has practiced in our county for a number of years past, will spend his whole time in Powell and at Furnace just over the line in Estill county. The Doctor has sold his office in Lexington for that purpose. He likes our people, we guess because he has undoubtedly observed that we like him and his work. He is at Stanton this week and will be there next week. He will announce through the Times a routine schedule a little later.

Moves to Oil Fields

Grant Shoemaker who holds a responsible position with some oil company operating in the Lee county field, moved there this week with his family. He will probably return in the Spring to farm again next year. J. N. Burgher has moved to Mr. Shoemaker's place on the Irvine road.

No Tide in River.

The river did not get out in the bottoms from the heavy rains here last week as was expected. It did not rain so hard up the river or else we would have had a bottom sweeper. The lower counties had a heavier rain than we did.

Many Attend Court

Quite a number from Clay City are attending Circuit court at Stanton this week, as litigants, jurors and on-lookers.

Circuit Court Convenes

Circuit Court convened Monday at Stanton with Judge Shackelford on the bench and Commonwealth's Attorney, B. A. Crutcher, prosecuting. The Judge's charge to the Grand Jury was indeed very strong in the right direction. His remarks were true and pointed. They were well received by a house full of interested hearers. Judge Shackelford is most certainly whole hearted in his endeavor to put a stop to the lawlessness now prevailing in Powell as well as the other counties of this Judicial district. That he has a host of supporters was very evident upon the countenances of the majority in the court room Monday while he was delivering his well chosen remarks.

Townsend to Lose Leg

Sherman Townsend, of this city, who is at the Clark County Hospital from the effects of an accidental shooting in the leg by a boy friend in Lee county, an account of which appeared in the Times last week, will have to lose his leg. Monday an artery broke and the unfortunate young man came near bleeding to death before it could be stopped. Transfusion of blood from the arm of his brother, Lemon, only saved his life. The leg will be taken off soon as sufficient strength can be regained to enable the young man to stand the operation.

Old Citizen Here

Will H. Smethers, of Gary, Ind., is here with relatives and old friends. Mr. Smethers left this part of the state thirty-five years ago, and has made a success in his Indiana home. His oldest son, Lawrence, is located in Washington, D. C. where he handles Henry's Lizzies. Mr. Smethers will go from here to Washington to visit his son before returning to his home.

Mt. Sterling Court

There was a good crowd in town Monday, and about 1,500 cattle on the market. Prices were 50 cents higher than last month; 1100-lb. steers sold at 6 to 6½c; yearling steers at 5½c; feeding steers at 6½c; cows, 4c; bulls, 3½c; heifers at 4½c. Trade was brisk and there were buyers from all over Central Kentucky. Quality of the offerings was good.—Mt. Sterling Gazette.

Not Our Rube

A recent article in a correspondence of these columns, gave an account of the marriage of Reuben Townsend. This was not our "Uncle" Reuben. He is still single so he informed the editor Tuesday.

There will be a pie and oyster supper at Waltersville school house Saturday, December 3, 1921.

Kills Deer

Ambrose Ballard Tuesday morning shot and killed a deer on head waters of Hardwick's creek, one and one-half miles from Furnace at edge of State Rock on the Wauson tract of land. This is the first deer that has been killed in Powell county for possibly fifty years. It is supposed that this deer got strayed away from the Cumberland mountains. Mr. Ballard peddled the meat out among his friends at only fifteen cents per pound.

Powell No Longer Pauper County

Powell county now pays into the State Treasury more money than it draws out, having this year together with Estill and several other counties passed into the self-supporting class. There still remains thirty-five pauper counties, so called because they receive more money from the state than they pay in.

West Bend Colored Community And School Fair

Friday, November 19th, at West Bend, colored school boys and girls and men and women began to gather bringing with them corn, potatoes, pumpkins, turnips ect., canned goods from the pantry, sewing and hand work of every kind, model sleds, chairs, tables, wheel barrows, hog troughs and such things that none other than boys and girls can make, together with a fine display of school work placed on the walls of a well kept school building. After all the children had gathered in the crowd moved out to the ball diamond where the boys and girls entered in contests of running races, jumping ect. After these events were over the judging took place during the noon hour. No money was given to any one winning a prize, just a blue ribbon or a red one and no kick coming for the real spirit was there. The afternoon program started with singing by the children, as every one likes to hear them sing and they certainly can sing. Prof. Scott (teacher) gave the opening address of welcome as none other than Mr. Scott can give. Then, Mr. Scott Mitchell gave a fine address on the colored problem of today, being followed by Mrs. Carl Fox, of the Clay City Colored school, the County Superintendent of Schools and the County Agent. Mr. A. C. Burnette, State Agent for the colored men and doing County Agent work in the state, was present and gave a splendid talk followed up by an illustrated poultry lecture on the screen that all enjoyed.

Too much credit can not be given these people in this community and especially Mr. Sanford Scott, their teacher and leader. One could see what ever Mr. Scott suggested was at once taken up. The County Agent has assisted in a good many Community Fairs in Powell County this fall but the Community Fair held by the colored people stand in line with the fairs of the white people. These Community Fairs planned and worked out by the County Agent will tend to make for Powell County a real genuine County Fair in 1922—Let's all get together and have a Community Fair in every community next year. The success of anything you undertake depends on the amount of time, interest and effort you put in it.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was . . . just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it . . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

DESPAIR LURKS IN WEAK BLOOD

Gude's Pepto-Mangan, The Blood-Builder, Arouses Dull Faculties

Many a man and many a woman feels all out of sorts from thin, weakened blood. The least little thing gone wrong throws them into the wild form of despondency. Instead of bracing up and meeting ordinary difficulties, they are downed. Nerves are on edge. Appetite lags. Sleep is restless. They are weak and tired and dull. Poor blood works its havoc till the will loses its power. Few people who fall into habits of worry and despondency realize that most of their troubles are due to lack of endurance—to blood that has become weakened by overwork or straining.

Healthy men and women with rich, red blood see things brightly. They tackle life with zest and go along smilingly, full of eagerness and endurance.

Gude's Pepto-Mangan taken steadily restored the blood to its natural richness. It actually makes red corpuscles, the tiny particles in blood which makes it red. Druggists have Gude's Pepto-Mangan in liquid and tablet form. Advertisement.
